Fh1-2 3
D 2008 Dw
17.8.38 (2)
G A mh 2 3 (2)

With reference to para 1 of my letter No.345-F/38 dated 21-7-1938 I enclose herewith an estimate and plan for Rs.1,500/- prepared by the Executive Engineer, West Coast Division, Calicut for the construction of building for the yard to be opened at Moolky. I have the honour to request you to be so good as to obtain the sanction of Government for the same. If the estimate is not sanctioned before the Christmas holidays it will not be possible to complete

the work within the financial year. The monsoon will prevent all building work from May to September and the yard may not be ready for the next fishing season.

2. I request that a sum of Rs.1500/- for constructing the buildings and Rs.75/- for the acquisition of the pathway (vide G.O.No.Ms.2008 Development dated 17-8-1938) may be provided in the Budget Estimate for 1938-39 from the reserve with Government under 'Loans and Advances bearing interest g.Miscellaneous Loans and Advances - D.Loans relating to the Fisheries Department - Advance to curers for storage sheds."

3. The yard requires a fence for which the Assistant Director (Coast) has submitted an estimate for Rs.125/-. The fence will be put up just before the opening of the yard. A provision of Rs.100/- may therefore be included in the Budget Estimate for 1939-40 under the head of account referred to in para 2 above.

I have the honour to be,

Sir,

Your most obedient servant,

B. Sundara Raj

Director of Fisheries.

Development Department.

Fisheries - Fish curing yard - Moolky - opening of - construction of building and fencing.

(From the Director of Fisheries No.345-F/38-13 dated 8-12-'38.

To A.S.

Please see the Director of Fisheries' letter at pages 1-2 current file.

2. In G.O.No.545 Dev. dated 6-3-37 the Government sanctioned the opening of a fish curing yard at Moolky in the South Kanara district and also the construction of a combined guard, office and stone shed, and fence for the yard at a cost not exceeding Rs.1500/. They also sanctioned the proposal of the Director of Fisheries to acquire at a cost not exceeding Rs.170/-one acre and sixty cents of land for providing the site for the yard. The land has been acquired. In G.O.No.61 Dev. dated 5-1-38 sanction was also accorded to the acquisition of pathway for the Moolky yard at a cost not exceeding Rs.125/.-and in G.O.No.2008 Dev. dated 17-8-38 the Accountant-General has been authorised to admit this expenditure pending provision of funds. The Director of Fisheries proposed a provision of Rs.1500/- for the above purposes in the Revised Estimate for 1938-39, under "Q.D. Loans relating to the Fisheries Department -Advance to fish curers for storage sheds", and they have been accepted by the Finance Department.

2. The Director of Fisheries now submits an estimate and plan for Rs.1500/- for the construction of building for the yard and requests that funds

may be provided during the current year from the reserve with the Government under "Loans and advances bearing interest etc., in view of the circumstances explained in para 1 of his letter.

3. The Director of Fisheries also states that the yard requires a fence and that the estimated cost of construction of fence to the yard is Rs.125/- and requests that a provision of Rs.100 may be made in the Budget Estimate for 1939-40.

4. The estimate of Rs.1500/-now forwarded by the Director of Fisheries has been prepared by the Executive Engineer and it may be accepted. The total cost of construction of building and fencing for the yards is Rs.1625/- as against Rs.1500/- sanctioned in G.O.545 Dev. dated 6-3-37. The orders in the above G.O. have therefore to be modified.

5. As regards the provision of funds of a sum of Rs.1500/- during the current year, it is submitted that as was done in the case of acquisition of pathway for the yard in question, the Accountant General may be authorised to admit the expenditure in audit pending provision of funds later. (As regards provision of funds for the acquisition of pathway during the current year separate file is under consideration.

6. Subject to orders a draft order is submitted for approval. It may be sent to the Finance Department for acceptance.

Dev. No. 33275 V/38-1

15.12.38

RETURNED TO GOVERNMENT 15 1938 FINANCE DEPT.

Finance (Exore.) Dept.

In G.O. No.545 Dev. dated 6-3-1937 the Government sanctioned the opening of a Fish-Curing Yard at Moolky and the construction of a building at a cost not exceeding Rs. 1,500 (Rs. 1,350 for the shed and Rs. 150 for the fence). The Director of Fisheries has now submitted an estimate for the construction of the building at a cost of Rs. 1,500. He has also stated that according to Assistant Director's (Coast) estimate, the erection of a fence costs Rs. 125 and has requested that the estimate may be sanctioned. The Development Department propose to sanction the construction of the building and the erection of fence at a cost not exceeding Rs. 1,600. This may be accepted.

2. No provision has been made in the current year's budget for this purpose. But the Development Department propose to sanction the execution of the scheme in the current year itself in view of the reported urgency and to authorise the Accountant General to admit the expenditure of Rs. 1,500 on buildings pending provision of funds. They enquire whether the necessary funds could be allotted from any reserve under 'Loans budget'.

3. There are at present no savings resumed and held under Reserve under Loans. It is extremely unlikely that there will be any savings under 'Loans' this yeaf, as all the savings will be required to provide for advances to the Central Land Mortgage Bank. The funds required for the present purpose should therefore be found by presenting before the Legislature a supplementary statement of expenditure,

if it is essential that the work should be executed in the current year; and this is ~~not~~ hardly a scheme which justifies ~~such a departure from normal procedure~~.

To A.S.

Please see the Finance Dept: note from p. 3 ante. That Dept: states that funds for incurring an expenditure of Rs 1500 in the current year for the construction of building for the yard to be opened at Morbi should be found by presenting before the Legislature a supplementary statement of expenditure and that the scheme does not justify such a departure from normal procedure. A provision of Rs 1600/- has therefore been included by the Fin. Dept. in the B.E. for 1939-40. So the work will have to be undertaken after September 1939 and the yard will be ready before May 1940. The Finance Dept's view may be

Order ~~Resolution Return~~ Ms. No. 3177, dated 22-12-1938.

In partial modification of orders in para 1 of G.O. No. 545 (Ms) Dev. dated 6.3.37 the Govt. sanction the construction of building and the erection of fence for the fish curing yard to be opened at Mookky at a cost not exceeding Rs 1600/- (rupees one thousand six hundred only)

2 The estimate for Rs 1500/- for the construction of building forwarded by the D.F.

is approved; but the Govt. do not see sufficient justification to sanction the execution of the work in the current year.

Necessary provision of funds will be made in the B.E. for 1939-40 under "Loans and advances. 9. Miscellaneous loans and advances. D. Loans relating to the Fisheries Dept. — Advances to fish curers for storage sheds.
